

Dune **Harness Desert Power in the Ultimate Pinball Universe**

April 15, 2025 - Houston, Texas

In collaboration with Legendary Entertainment, Barrels of Fun is proud to announce our latest pinball universe under glass - *DUNE*. Inspired by the sweeping vision and mesmerizing atmosphere of the Academy Award-winning film franchise, this is a pinball experience for a new age. *Dune* brings the power struggles, mystical forces, and epic scale of the *Dune* Cinematic Universe into a world under glass, crafted with precision, innovation, and story-first design.

Embark on an atmospheric journey into the world of Arrakis through the game's fusion of sculpted detail, magnetic engineering, and cinematic immersion. Through day and night, develop your skills to fight alongside the Fremen and House Atreides against the dreaded Harkonnen army! Do you have what it takes to survive this unforgiving desert planet and harness its power to the fullest?

Featuring world-class sculpts, innovative mechanisms, immersive theme integration, and music from Hans Zimmer's rousing score along with other original complimentary tracks, *Dune* is a pinball experience unlike any other:
